

[Press Release] July 26<sup>th</sup>, Comic Con, San Diego - Booth 1832

**In the tradition of Star Wars and Harry Potter**

## ***The Vision Quest Book One: The Age of Light***

Part one in a unique multi media trilogy of Books/Movies/Games.

Book one to be released August 1<sup>st</sup> in Barnes and Noble and on Amazon.com with a sneak release at Comic Con!

**Hollywood, Calif, July 15, 2007** – creator Deborah M Pratt – award winning Co-Exec producer and head writer of Quantum Leap and President of V Global Media Inc. invites you to enter future. (Booth 1832)

Come into a time where Earth was transformed by the Great Quakes, weather changes and massive land shifts and resurrections that redefined and unified our planet into the Age of Light.

Peace reigned until 17-year old Cole "Lazer" Lazerman witnessed the slaughter of his father and 2,700 innocent people by the Black Guard; biodroids created to protect humans. Lazer must learn to transform his hatred, control his fear and passion for revenge if he is to achieve the forgotten powers of the Visionistic Arts as he embarks on a great odyssey, the success of which will determine the fate of all humanity.

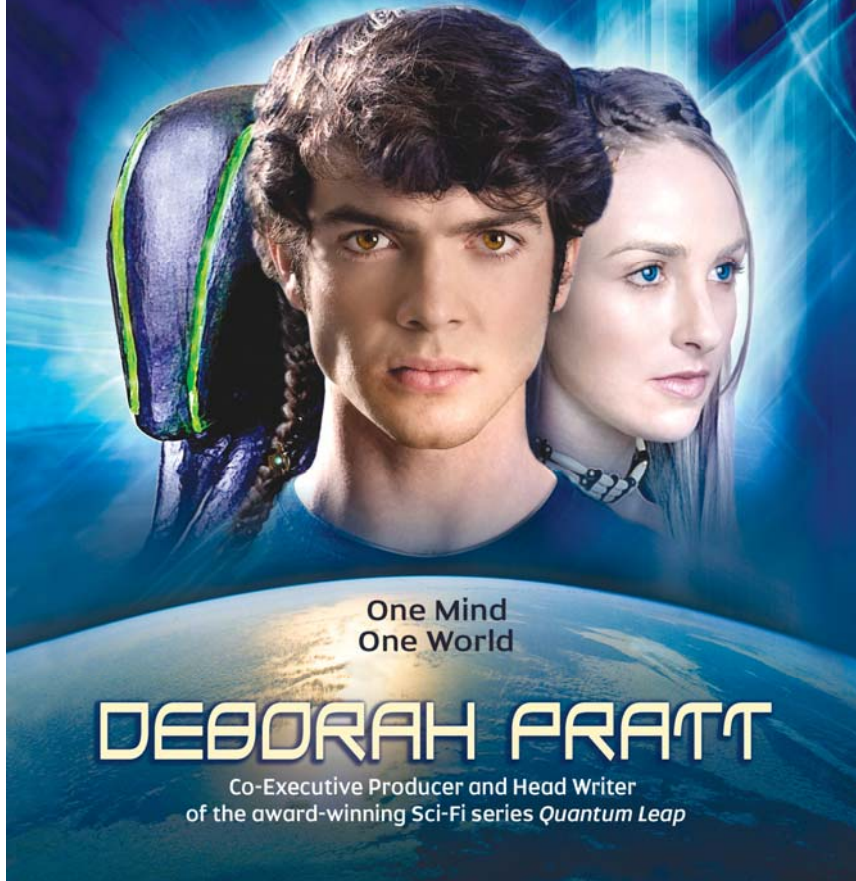

Add to the imaginative world of the books and on line community who are already helping to create the future inside the wondrous landscape that will become the next generation of entertainment - The Vision Quest Online Experience. [www.TheVisionQuest.com](http://www.TheVisionQuest.com) is a unique community-driven world where you can create a character, find items, watch videos, play games, make friends, and develop an online personality in a world of towering cities, strange creatures, and rouge artificial intelligence.

Book One: The Age of Light at Barnes and Noble and Amazon.com 8/1/07
